

## Faada Freddy – The One For Me

Another day, Another lie  
another kiss, another guy  
Sometimes I felt like I could die  
you never cared you never cried  
Indelicate fidelity  
what you gonna say to me / It's totally insane to me  
I was a such a fool not to see  
Now it's cristal clear that you are not  
the one for me You said that love then you forgot  
When you love someone  
Who take you on a date  
You're gliding on a cloud /Don't you think we resonate  
Hand in hand we walked/Lovely pillow talk  
Now the magic is over  
I was such a fool not to see /I was a such a fool not to see  
Now it's cristal clear that you are not /the one for me You said that love then you forgot
