

Tables Will Turn Your Way - Faada Freddy

Tables will turn your way
Tables will turn your way

When all the dreams seem to dissipate my brother
In a confusing cloud
Remember it's just a passing storm my sister
Nothing to worry about

No hard time is meant to last forever
Like spring falls after winter
Don't be afraid soon the sky will turn clearer
Time is the only matter

**You gonna make it
God willing
You gonna make it
It's just a matter of time
You gonna make it
God willing
And the tables will turn your way**

**Tables will turn your way
Tables will turn your way**

There are times when I'm wanna scream out with pain
Deception after Deception
Everything I do seems to go down the drain
Life teaching me a hard lesson

And when I abandon all willpower,
A wind of change whispers into my ears
Don't you dare give in even if you're falling
The harder the battle the the greater the victory

**You gonna make it
God willing
You gonna make it
It's just a matter of time
You gonna make it
God willing
And the tables will turn your way**

**Tables will turn your way
Tables will turn your way**

Oh my little brother, my little sister
Every single dream will come true
No matter how long the night lasts
Your daylight will shine through

You 'll make it through It's just a matter of time
Help yourself and meet the help of God of every kind
Hook into it you can do it everything will be fine
The harder the grind, the brighter you shine

As for those who laugh when you sink down
The same will congratulate you when you win hands down
Brother it's harder to keep your head above the surface
Sista nevertheless never lose sight on your purpose
Sometimes you feel like you swim against the current
Be certain your shoulders can carry the burden
The only regret you could have is not have tried before the final curtain

**You gonna make it
God willing
You gonna make it
It's just a matter of time
You gonna make it
God willing
And the tables will turn your way**

Gonna make it !

**Tables will turn your way (Gonna make it)
Tables will turn your way (Gonna make it)
Tables will turn your way (Gonna make it)
Tables will turn your way (Gonna make it)**

**Gonna make it !
Gonna make it !
Gonna make it !
Gonna make it !**

**Tables will turn your way (Gonna make it)
Tables will turn your way !**
