

Faada Freddy – Whole Lot Of Truth

Don't jump too quick to conclusions
We all are victims of intoxication
Turn of the TV and light up your mind
Read the masquerade between the lines
A whole lot of truth and a whole lot of lies / things are not always what they look like /

A whole lot of truth and a whole lot of lies / things are not always what they look like
The one who speaks louder is not always right
The Truth is often buried amongst the voiceless
Our leaders lie no one denies it
Living a humble life has become priceless
A whole lot of truth and a whole lot of lies
things are not always what they look like

A whole lot of truth and a whole lot of lies / things are not always what they look like
Bridge Hey you !!
Do you trust the news
Do you know the story behind
It's an ambush
We 'are trapped from all sides
Our history they falsify

A whole lot of truth and a whole lot of lies /things are not always what they look like
