

So Amazing - Faada Freddy

Amazing, Amazing Flower like this

Early in the morning
As I emerge with the rising sun
I can't help smiling
Thinking of all the best things to come

I've got issues
Just like any other one
But when I'm with you
All of my fears are gone

Cause you're so so so so so so so
So Amazing, Girl
You're so so so so so so so
So Amazing, Hey

Look at the rainbow
Drawing the colors of the universe
This is a new hope announcing the end of a violent storm
It's beginning a new dawn
All my sorrows are gone
You are the flower that blooms a note of fragrance in my life

The weather is pleasing
And I'm teasing you
My beautiful flower
We both burst in laughters
Like children
And I found myself again

Cause you're so so so so so so so
So Amazing, Hey
You're so so so so so so so
So Amazing

Amazing, amazing flower like this
I've never seen
You are the key to my bliss
Oh girl, you fulfill my dream

**You're so so so so so so
So Amazing, Hey
Girl you're so so so so so so
So Amazing, Hey**
