

DREAM

Remember how it was
How it became
Imagine all the dreams
you ever had
Remember you a child
Or is he dead
Could you bring him to life
Imagine if you dared
And this is when
I dreamed of you

Imagine what you knew
What you saw through
If you were not so scared
What would you do
Do you feel desperate
I know you do
Imagine what this love Could do to you

Forest rain snow fire
Water growing
breathing needing
air Ground roots soil
Flowers colors
lions birds
shadow light
silence hidden
laughing crying
no ending dream
all a part of me
and you're a part of it
dream
